RE: Application as intern in your enterprise, 8/5/2019

Dear Sir/Madam,

Though am not sure of you accepting interns in your enterprise, but due to my overview of your company's website, your interest is really in improving lives in Africa. I am currently a 400 Level student of Petroleum Engineering and would greatly appreciate your considering my placement in any role related to Petroleum Engineering or technology in general.

While in school, I spent few amount of my time learning web technologies and currently a front-end web developer. I also work on projects, seek support and continually updating my skills. I am focused and diligent when managing workloads and prioritizing tasks to meet deadlines. I thrive in environments where I am able to make a direct impact utilizing retention skills and complex problem-solving to find solutions and achieve results.

My academic experiences have greatly contributed to the development of my critical thinking, communication, and problem-solving skills. I excel at communicating both clearly and professionally with co-workers, management, and customers. I look forward to speaking with you further to provide details of my background and those qualities which I believe will be an asset to your company's goals. Please take a moment to review my submitted CV. Thank you for your time and consideration.

Sincerely,
Agent Peter
